Frameworks/Libraries:	React, Next.js (Learning), Bootstrap
Tools & Platforms:	Git, GitHub, Netlify, WordPress, WooCommerce, Figma, TARGIT, Excel
Core Competencies:	Web Accessibility (WCAG 2.1 AA), Performance Optimization, Responsive Design, Component-Based Architecture

EXPERIENCE

Junior Web Developer

02/2025 – 03/2026

Super Digital

- **Technical Impact:** Led the transition from HTTP/2 to HTTP/3, reducing average page load times up to 50%.
- **Development:** Designed and built responsive WordPress sites using custom themes and PHP, ensuring clean, maintainable code.
- **Quality & Standards:** Implemented mobile-first principles and semantic HTML across all projects, consistently meeting WCAG 2.1 AA accessibility standards to boost SEO and usability.
- **Issue Resolution:** Diagnosed and resolved cross-browser compatibility and performance issues, improving site stability across the agency's SME client base.

Freelance Frontend Developer

07/2023 – Present

- **React Project:** Designed and developed a custom landing page for a Birmingham based educational training business using React, TypeScript, and Sass, deployed via Netlify.
- **Maintenance:** Manages ongoing updates for a Rome-based editing company, handling WordPress theme maintenance and minor CSS customizations.
- **Client Management:** Manages the full project lifecycle, from initial requirement, wireframing to final delivery and hosting.

Buying and MasterData Coordinator for Fashion & Accessories

06/2023 – 04/2024

Aer Rianta International

- Managed product and vendor data for airports across six countries, utilizing TARGIT and Excel for complex data reporting.
- Headed a global re-work of product categorization for the Fashion & Accessories division, demonstrating strong analytical and project management skills.

PROJECTS | Available to see on my [GitHub profile](#)
